

PROFILE

Hi! I'm a freshman in high school and a full stack web developer that lives in San Ramon currently! I love to help people learn to program and code through a Hack Club hosted at my high school, DVHS! I love math, science, and building stuff with other people!

NEEL REDKAR

Full Stack Developer & Hackathon Organizer

EDUCATION

Dougherty Valley High School

2019 - Now

4.0 GPA taking Honors Pre Calculus with the Presidential Scholar Award.

Dougherty Valley College

2019 - Now

Currently taking AP CS and COMSCI-110

PROJECTS/EVENTS

DVHacks Logistics Coordinator

2019–Now

I am currently organizing DVHacks as a part of the current logistics team! DVHacks is a hackathon hosted by The Dougherty Valley Hack Club, and was a big success last year! <https://dvhacks.tech>

AngelHacks Tech Lead

2019–2019

I organized AngelHacks as the Tech Lead where I helped with the registration, to teaching workshops, and also did a little dip in sponsorships where I raised ~1k.

RecycleSmart Science Fair

2018–2019

I have won county (1st) and state (2nd) science fair for a cool project called RecycleSmart! It uses machine learning to sort your waste into recycling, trash, and compost! Check out more on my website!
